## Snapshot Report 2016

**SUNNYBANK HILLS STATE SCHOOL FUNDS**

**\$558518**

**SCHOOL IS ON TARGET TO MEET OR EXCEED OUR TARGETS**

## Key Achievements

- Prep and Year One both maintained the high level of achievement consistent with the levels achieved in 2014 and 2015.
- 88% of 188 Year One students are reading at or above PM 14. This within a similar range to the 89% in 2015 and 92% in 2014.
- 42% of 188 Year One students are reading at or above PM 20. This is less than the aspirational target of 60%
- 53% of 149 Prep students are reading at or above PM level 10. This is less than the aspirational target of 60%

## How we use the funds

- Employ teacher and teacher aides to supplement oracy and reading programs for students with English as another language or dialect.
- Train and deploy the equivalent of 6 specialist teacher aides to supplement reading instruction across phonemic awareness, phonics instruction, fluency, vocabulary and comprehension. Purchase reading resources to support this strategy.
- Employ teachers to increase systemic capacity for teachers to gather student achievement data to inform Professional Learning Community conversations on student achievement, formative program evaluation and engage with coach to refine pedagogical practices.
